

"Quality" Clothes for Particular Men

Bear in mind that "Quality" is the real basis of clothes merit and that there's a different style—a "distinctiveness"—and "life" about

Kaufman "Pre-Shrunk" Garments

which illustrates another season's advancement in masterful clothes building and appeals strongly to discriminating men. This taken into consideration with our Pre-Shrinking process which produces lasting style and shape permanence, means we can guarantee "continual satisfaction" on each and every Kaufman "Pre-Shrunk" Garment.

"Campus Togs" Are Characteristic Clothes

They're designed and built especially for the virile, aggressive young man, who demands not only fashion, cut, fit and style in his garments, but "individuality" as well.

We would like to have you try on a "Campus

Tog" Suit or Overcoat—note the "distinctive appearance"—the perfection of fit—and how each and every one of these splendid garments evidences their careful and critical workmanship. And this style, fit, distinction which you see when you try them on is there to stay.

HOST OF FRIENDS READY TO HELP

Contestants Once Started
Will Find Their Friends
Eager to Boost for Them.

Great interest in The Herald's Popular Voting Contest is being shown in all parts of the southwest, and present appearances indicate that there will be entries from practically every town in this territory. The fact that The Herald is excluding its city subscribers from this competition makes it much easier for contestants in the outside districts to win, and they are quick to appreciate this fact. In most contests of this nature the out of town subscriber has to compete on an even basis with the local contestants and in that case it is almost a foregone conclusion that the larger prizes will go to some of the contestants in the home town, leaving only the district prizes for the out of town contestants to compete for. In The Herald's contest this feature is eliminated and all contestants will be on an equal footing. Some one in one of the smaller towns is bound to get the automobile, the player piano, the trips to New York or one of the other prizes offered. No town is too small for contestants to enter from as they can, in addition to their own efforts, get votes by having friends work for them in other towns.

It is not so difficult as you may think to get subscriptions in a contest of this kind—the difficulty lies in getting started. Once you get going it is surprising how many friends you will find who will not only encourage you but will actually get right out and assist you in securing votes. If you have not already entered the contest fill out one of the nomination blanks and send it in to the contest editor of The Herald. He will immediately send you receipt blanks and reports with which to work and will assist you in every way possible under the rules of the contest to get your campaign started. After you get over the first novelty of campaigning and learn how to approach a prospective subscriber the work is so easy that you can pile up an immense vote in no time at all. The list of contestants and the votes to their credit is now being published twice each week and this list is of interest not only to the contestants themselves but also to the thousands of Herald readers who are wondering how they can give their votes as they pay up their subscriptions. Competition of any kind always attracts attention and if you keep your name well toward the top you will find that scores of people of whom you have never heard will take an interest in the effort you are making and will send in their votes for you.

MARKET PRICES FOR MANGANESE ORE

Large Bodies of Such Ore in
Texas and the Territories.

The recent discoveries of large bodies of manganese ores, in Arizona, New Mexico and Texas makes the question of market important.

The latest schedule of manganese ore prices issued by the Carnegie Steel company, which is the principal buyer, is based on a valuation of 25 cents per unit (unit 20 pounds), and 5 cents per unit of iron for an ore carrying 49 percent or over in metallic manganese. The base ore must not contain over 0.20 percent phosphorus and not over 8 percent silica. Prices are for delivery at Bessemer, Pa., near Pittsburgh, or at South Chicago, to the South works of the Illinois Steel company. The price scale is as follows:

One containing 49 percent or over metallic manganese, price per unit, 25 cents; price per unit for iron, 5 cents.

One containing 46 to 49 percent metallic manganese, price per unit, 25 cents; price per unit for iron, 5 cents.

One containing 43 to 46 percent metallic manganese, price per unit, 24 cents; price per unit for iron, 5 cents.

One containing 40 to 43 percent metallic manganese, price per unit, 23 cents; price per unit for iron, 5 cents.

For excess of phosphorus or silica over the base, deductions are made as follows: For each 1 percent in excess of 8 percent silica, there shall be a deduction of 15 cents per ton, fractions in proportion. For each 0.02 percent or fraction thereof in excess of 0.20 percent phosphorus there shall be a deduction of 2 cents per unit of manganese per ton.

One containing less than 40 percent manganese, or more than 12 percent silica, or 0.25 percent phosphorus, is subject to acceptance or refusal at buyer's option. Settlements are based on analysis of sample dried at 212 degrees F. The percentage of moisture in the sample as taken is deducted from the weight.

DAYTON MISSION SOCIETY TO GIVE TRAVEL SOCIAL

Dayton, N. M., March 22.—The Missionary society is planning a unique entertainment to be given Friday evening, March 25, at the "Four Around the World." The homes of Mesdames Jorns, Morgan and Wheeler will be used as different countries in the progressive tour, the final point being the Woodmen hall, where a literary and musical program will be rendered.

Henry F. Buck and Fred Strauss, both from St. Louis, were looking over Dayton territory for several days, with a view to locating.

Rev. J. D. Boone, resident pastor, and Rev. E. E. Mathis, of Artesia, have closed a two week's meeting at the Presbyterian church.

ARTESIA, N. M., ORDERS IN MORE SIDEWALKS.

Artesia, N. M., March 22.—The town board of Artesia has just ordered in about two miles more of sidewalk, which, when completed, will give to the town more sidewalk, according to the size, than any town in New Mexico.

Guinn Williams, formerly of Fort Worth, Texas, with the State National bank of that place, will take charge of a loan and trust company now being organized in Artesia, N. M., which expects to open for business about April 1.

Oliver Ragadale has resigned as manager of the Joyce-Fruit company, of this place, and will go with the First National bank about June 1.

O. D. Warnock, of Alamogordo is moving his family to Artesia. Mr. Warnock is an architect and contractor by trade, and has opened up an office here.

NEW SETTLERS AT ROSWELL, N. M.

Incandescent Lights to be
Placed on Roswell Streets.
News Notes.

Roswell, N. M., March 22.—W. G. Hamilton and associates have sold 350 acres of the Milne-Bush tract to ex-cursionists from New York, Connecticut and New Jersey. Three coach loads comprised the excursion, two of them being financial agents and bankers from Ohio and western Pennsylvania, who think of buying a portion of the bonds issued by the owners of

A Neighbor of Yours
as well as yourself is liable at any time to have rheumatism. We're all liable to have cuts or burns, bruises or scalds, crick in the back, neck or side—some kind of an ache or pain. Then heed this advice and tell your neighbors—Baldard's Snow Liniment relieves all aches and pains, and heals all wounds. Sold by all druggists.

the tract and came to investigate the property.

A runaway dray horse that had broken loose from his mate, struck the sidewalk on the east side of Main street, at First street, and ran a block and a half at his best speed. At the office of Totzek & Finnegan, in the Hamilton building, he stopped and fell, got up, and plunging against the sign post, broke it off.

Eight incandescent lights of 64 and 100 candle power are to be placed on East Fifth street, between the railroads and Orchard avenue, and on Grand avenue are lights are to be taken from the crossings where not badly needed and placed at Second and Railroad, Tenth and Pennsylvania, Fifth and Virginia and the Armory.

According to Mr. Cole, of Escudido, on the south slope of the Capitan mountains, grass, trees and vegetation generally is much greener about Picacho and Escudido than about Roswell.

James W. Chavez, foster son of the late Col. J. Francisco Chavez, and his wife, daughter of Mr. and Mrs. R. F. Smith, and little girl, Dolores, of Roswell, are here from Washington, D.

C. Mr. Chavez has been detailed here on business by the Interior department in which he is employed, and he and his family are to be here all summer and may possibly make their home here.

Hamlin Hill, manager of the Yellow House ranch of the Littlefield Cattle company, in Texas, has captured a very large female wolf of the "lobo," or "loafer" specie, and her 11 cubs. He figures their value at one calf a day, which is what they would have begun to eat in a short time. If they had been captured in New Mexico the bounty on them would have been \$150.

G. L. Whinnery, of Iowa Falls, Ia., six feet four inches tall, and weighing 340 pounds, is here for a week or 10 days, having joined his wife, who has been visiting her brother, Dr. C. L. Parsons.

An auto drag of 45 horse power that hauls 6000 to 9000 pounds, and costs \$2700, has been brought here by P. J. Southworth and J. Q. Cummins, as agents. Mr. Southworth expects to haul freight from Roswell to his ranch at Picacho with the drag.

MEXICAN FINED AT CARRIZOZO

Bell Telephone Company
Purchases Carrizozo-
Capitan Line.

Carrizozo, N. M., March 22.—Two Mexicans were arrested here by special mounted policeman Cook. They were given a hearing before Justice of the peace Scoggin. The one who gave his name as Albert Condara was fined \$100 and given 60 days in the county jail on the charge of carrying a six-shooter. He had in his possession a bunch of 27 keys of all descriptions, from skeleton keys to keys for unlocking handcuffs. He claimed to have found the keys in El Paso.

The other gave his name as Juan Contreras and was given 90 days in the county jail on the charge of vagrancy. He had a pocketful of revolver cartridges.

The Colorado Telephone company has purchased of Bob Baren the Carrizozo-Capitan telephone line. Construction work is being pushed on the Carrizozo-Roswell branch of the Colorado Telephone company's line.

The Carrizozo Card club met at the home of Mrs. W. F. Whittingham.

A number of mechanics have arrived here from Clovis to begin work on the new courthouse and jail.

Post Toasties

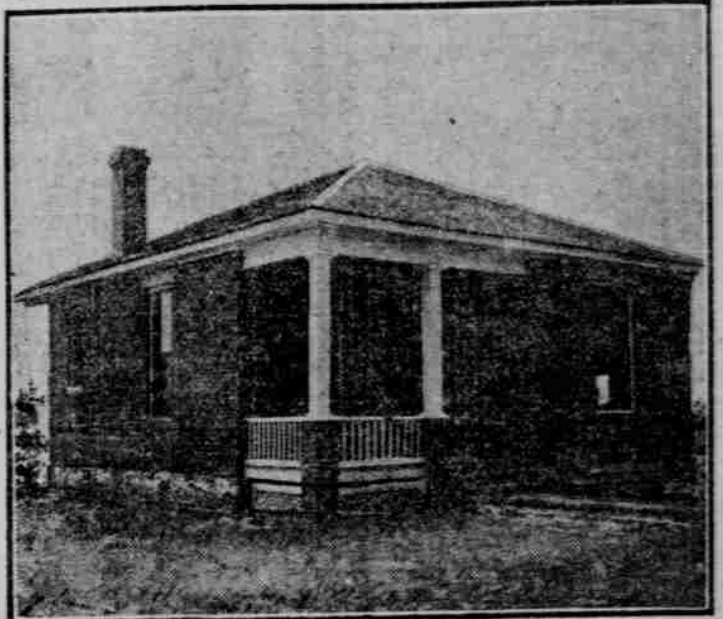

With Cream or Fruit—

"The Memory Lingers"

And 'tis a most pleasant memory—a memory of crisp, flavoury, delightful, fluffy bits of corn food—delicious for any meal.

For Sale Cheap

I am going to leave and must sell quick. It's a pretty new 3-room red pressed brick on 50x140 ft. corner. Has china closet, bath, hot and cold water, nice south exposed sleeping porch, inside finished in mission. It is a few blocks from end of Boulevard and two blocks from Ft. Bliss car. See the place at 200 Douglas St., East El Paso addition and phone me. Price \$1700-\$600 cash, balance one, two and three years.

R. W. ELIOTT.

Phone 3150.

ties for nonpayment of taxes may be collected from homestead property, is that of the city of San Antonio vs. Udo Toepferwein.

At the trial of the case in the 57th district court, Judge Seeligson held that the city had no right to collect the penalties by sale of the property, inasmuch as it was homestead property for two years of the time for which suit was on for taxes.

He held that the penalties were no part of the tax itself and that other recourse would have to be taken to obtain them. The case was appealed and the fourth court of civil appeals affirmed the judgment of Judge Seeligson. The case was then taken to the supreme court by the city attorney on an application for a writ of error, which was granted. It is this opinion of the supreme court that makes the case of statewide interest. When the case is heard on its merits the court will then be called upon to affirm or reject the opinion expressed in the writ of error.

UNCOVER ANCIENT FOREST BLASTING FOR A BRIDGE.

San Antonio, Texas, March 22.—While a force of men was engaged in blasting to make foundations for the mammoth concrete piers which are to support the new county bridge across the Medina river, they found at the depth of about 30 feet absolute indications of the existence of huge tropical forests at some prehistoric period. Traced as it in modern clay on hundreds of the limestone rocks thrown up by the dynamite have

been found delicate imprints of leaves, foliage, stalks and flowers. Each leaf and petal is as distinct and vivid as if traced but yesterday on soft mud and left to sunbake to hardness. Samples of these have been sent to the professor of geology at the university of Texas, Fred W. Simonds, for examination.

GLOBE COUNCIL THROWS OUT CAMPAIGN PETITIONS.

Globe, Ariz., March 22.—The nomination petitions of two candidates for aldermen, one of them the only Republican who filed a nomination petition, were thrown out by the city council at a special meeting. Those thrown out were the petitions of A. Maurel, Democratic candidate for alderman of the Sixth ward, and of I. W. Frye, Republican candidate for alderman of the Fifth ward.

There had been little or no intimation that any of the nomination petitions were irregular and not in technical conformity with the direct primary law, so that the action of the council, when it became known on the streets caused somewhat of a sensation in political circles.

Wetger Sentenced.

New York, N. Y., March 22.—Found guilty by a jury on the charge of conspiracy to defraud by underweighing, Simon J. Mescall, assistant government weigher, was sentenced by Judge Holt to 10 months in the penitentiary and to pay a fine of \$1.

S.S.S. GREATEST OF ALL TONICS BECAUSE GREATEST OF ALL BLOOD PURIFIERS

Any system that needs a tonic needs also a blood purifier, for it is the weakened and impure condition of the circulation that is responsible for the run-down state of health. We have only to recognize the importance of pure, rich blood in preserving health, to realize the danger of a weakened or impure circulation. The great majority of persons are rapidly coming to understand the importance of preventing disease; they know that a poorly nourished system cannot resist germs and microbes, and that a tonic which purifies and enriches the blood will often ward off a serious spell of illness later on.

That Spring is the most trying season on the health is a fact well known to every one. It is the time of year when our constitutions are required to stand the greatest strain, and unless the system receives the proper amount of blood nutriment the health is bound to be affected. The general bodily weakness, tired, worn-out feeling, fickle appetite, poor digestion, etc., come directly as a result of weak, watery blood.

If you need a tonic, you need a medicine that has real blood purifying properties. A great many so called tonics are mere nerve stimulants, often producing instantaneous exhilarating effect, but acting with decided injury on the system. If your system is weak and run-down you can only tone it up by supplying an increased amount of blood nutriment, and this can come only through pure, rich blood. Any tonic which does not purify the blood is dangerous, because it leaves the impurities in the circulation to constantly prey upon the health.

S.S.S. is the greatest of all tonics because it is the greatest of all blood purifiers; and it is the one the system with the best tonic effects and at the same time thoroughly purify the blood. The use of S.S.S. at this time may save you from a long spell of sickness, and it will certainly prepare you for the strain of the long hot Summer. Many people have put off using a tonic until the system became so weakened it could not resist disease, and have paid for the neglect later on with a spell of fever, malaria, or some other debilitating sickness. S.S.S. is Nature's ideal tonic and blood purifier. It does not contain a particle of mineral in any form, nor does it contain any of the deleterious nerve stimulants that are used in so many medicines called tonics. S.S.S. tones up the stomach and digestion, rids one of the tired, worn-out feeling, improves the appetite and digestion, and in every way contributes to the upbuilding and strengthening of the entire system. S.S.S. is absolutely safe for persons of any age, and all who are in need of a tonic will find this medicine exactly suited to their needs.

FEELS BETTER IN EVERY WAY

S.S.S. is a good medicine. I keep it in the house all the while. It is an excellent tonic to give strength to the system and tone to all the physical members. It gives appetite and energy and makes one feel better in every way. I have found it also an excellent blood purifier. For months I was troubled with an itching skin eruption on the face, and tried many specialists and many remedies to get a cure, but S.S.S. is the only medicine that seemed to relieve. I am now free of this eruption. I think a great deal of your medicine, believing it to be the best blood purifier and tonic known to the world today.
